EXPERIENCE

Mimusa.io
Web designer
currently working

www.mimusa.io

I am in charge of the web development team, working together with the design team for the creation of web pages generally oriented to ecommerce. It helped me expand my knowledge in web design and necessary elements. It also helped me improve my communication, thanks to teamwork (SCRUM Methodology)

MgMGamers
Owner
since 2020

mgm.empretienda.com.ar

Entrepreneurship for the marketing of gaming products. This gave me a lot of experience with costumer service sales, marketing, e-commerce, web desing. Also a highlevel of proactivity, willpower and resilience.

Distribuidora 25 de Mayo
Free Lancer Developer
2019

I was asked to develop a Python app for windows, that allows the user to have a register of sales, see analitycs and generates pdf's in every order or old orders. This was my first job as a developer and gave me the experience of working with the final user of the app.
